

## NEWS LETTER

Mrs. Latha Venugopal, Secretary, Hari Sri Vidya Nidhi Trust

Dear Students,

It gives me immense pleasure to interact with you all. The school is now back to the routine schedules and functions. As you continue your academic journey here, my message is for touching upon qualities that you should acquire and consistently practise to succeed in life ahead. One must feel motivated to learn subjects, but it is even more important to have a plan to study and follow the plan in a disciplined and consistent manner to progress, step by step, to achieve your goals for studying and getting exceptional results in the examinations. You may have different goals at each stage of your life but to plan, execute, accomplish, and evaluate needs to be a repetitive step at each stage in a disciplined manner.

The competition is always with yourself, and your goal should be to improve yourself and raise the benchmark from your previous achievements and results. And as and when you reach each milestone or benchmark, celebrate, and plan your next goal.

Wishing you all a bright future.

Mr. P.N Unnirajan (IPS Retd.)

Chief Executive Officer, Hari Sri Vidya Nidhi School

At the outset, I would like to extend my best wishes and hearty congrats to the launching of the 'Hari Sri Pulse', a magazine of Harisri-ites. A warm congratulation to the Executive Director, who is the kingpin of this endeavour.

The legal basis of the publication of material is embedded in the Supreme Law of the Land which is the Constitution of India. It is article 19 of our Constitution which guarantees six fundamental rights to Indian Citizens and article 19 (1) a of the Constitution guarantees freedom of speech and expression. The freedom to publish and disseminate information and thoughts come under the aforesaid article. But the publication of derogatory or defamatory items is banned by law.

I request all Harisri-ites, especially the children, to utilise this opportunity by writing and publishing their creations in the 'Hari Sri Pulse' which will add another feather to this state-of-the-art school.

Ms. Jayashree Parameswaran

Administrator, Hari Sri Vidya Nidhi School

I am happy to address you through this second edition of the 'Hari Sri Pulse'. While looking out for a topic to write about, I remembered a lesson I learnt in the Upper Primary Moral Science class which remains close to my mind and heart.

It is a philosophy I feel everyone should know and imbibe. Observe the ways of the ants and be wise.

### Go To The Ants

"It has no commander, no overseer or ruler  
Yet it stores its provision in summer and gathers its food at harvest.  
How long will you lie there, you sluggard?  
When will you get up from your sleep?  
A little sleep, a little slumber, a little folding of the hands to rest,  
AND  
Poverty will come your way like a bandit and scarcity, like an armed man."  
[ Prov.6:8:11]

Here are five philosophies with the five characteristics of the ant.

1. Ants don't need commanders to tell them to get started. They work faithfully and need no outside accountability to keep them doing the right things. They work hard and will replace their anthill when it gets ruined.

### MEANING

If you want to apply this in your real life, be proactive, be honest to yourself and be industrious.

2. Ants plan ahead.

Ants think of winter all summer long. They store provisions in summer. They think that the clock is running out of time and hurry to get food back into their hills.

### MEANING

Toil hard in advance in order to secure your future.

3. Ants stay positive always. They remind themselves that winter will not last long. They know that soon it will be sunny again.

### MEANING

Whatever happens in your life right now, will not last forever.

4. Ants never quit. They only change their approach. If they are going somewhere and you block their pathway, they look for a way out, down, or all around. They keep looking till they find another way.

### MEANING

Learn to embrace hardship in your life. Be flexible and be like the ants. Don't Quit. Winners Are Not Quitters.

5. Ants always do their best.

MEANING : Give your best in everything you do right now. You will reach greater heights in your life. So, best wishes to all.  
Happy Continuous Reading!

Executive Director

What an exciting month July has been for all of us! Right from the disciplined Investiture Ceremony where enthusiastic new captains took over the baton from the old, equally vibrant, to the cover reveal book announcement of 'Defying Destiny - The Life Sketch - Nalini Chandran', which was much appreciated, it was a roller coaster ride. The icing on the cake was the announcement of the ICSE/ISC results which were exemplary. Hari Sri is proud of its Board students, the toppers and the 3rd rank holder in the State. Meanwhile, our children continued to sparkle in various events and competitions held in school and outside.

May the roller-coaster ride continue!  
God bless!  
Deepti Ma'am

**STUDENTS AT VIDYA ENGINEERING COLLEGE FOR ROBOTICS TRAINING**

On the 29th of July, the students of Class XII Science were taken to the Vidya Academy of Science & Technology. They set off from school at 8:45 am. and reached the college campus by 9:30 am. Mr. Shankar welcomed them on behalf of the entire college faculty and gave them a brief introduction on the Association of Skill Centre with IEDC (Innovation & Entrepreneurship Development Centre) to develop Robots. Next they had a training session on IOTs and Robotics which was led by Mr. Sachin Sudheesh, who is a triple EEE graduate, Robotics trainer and RPA specialist. He was also assisted by Jeeva, a final year student. The students were first introduced to the basics of Robotics, functioning of robots and their different types. After this they compiled and connected different circuits using IR sensors, LEDs, buzzer and servo motor. It was a fun experience for all the students to watch each circuit function before their eyes. Mr. Sachin then displayed a few of the robotic cars he had developed. The students were thrilled and thoroughly enjoyed the session which concluded by 2:00 pm. Then they were taken on a campus tour after lunch and they reached Hari Sri around 5:15 pm.

## CPR TRAINING

## IN LOVING MEMORY OF OUR DEAR LAKSHMI MISS

Lakshmi Miss (Retd. English teacher in Plus Two Section) was the heart and soul of HSVN School, before and even after her retirement. Teaching was a passion for her, and her students always testified to that. She was loving and caring to her students and associates, and was equally loved by them all. Her departure is a great loss to the teaching community as a whole.

MAY HER SOUL REST IN PEACE

On Monday, the 25th of June, a team of five doctors from Atreya Hospital, Thrissur, in collaboration with the American Heart Association (AHA), launched an initiative called 'Heart safe Thrissur initiative – Family and Friends CPR initiative', at Hari Sri Vidya Nidhi School, Punnamm. The team was led by Dr. Ramkumar Menon, the Medical Director of Atreya Hospital and Prof. Dr. Sachin V. Menon, the Regional Director of the American Heart Association. Dr. Varghese, Dr. Linis Liz and Dr. Pranav Kumar, also from Atreya Hospital, Thrissur, were part of the team. The initiative is their very first venture in educating school students on how to perform Coronary Pulmonary Resuscitation (CPR) on both adults and infants. The initiative was launched and the programme inaugurated at Hari Sri Vidya Nidhi School by the performing of CPR on an adult and infant dummy by the Principal, Mrs Preetha Venugopal, and the Executive Director, Mrs Deepti Menon respectively. The students of class XI and XII were imparted hands-on training on CPR for both adults as well as infants, and the team of doctors spread awareness on the required procedures and some related first aid.

## Health check-up Conducted

Thyro Care lab conducted a health check-up for the school staff on Wednesday, 27th July, 2022. Blood Glucose levels and blood pressure were tested free of cost for everyone.
